# CS 332: Web Programming

## St. Lawrence University

**Link 1**     **Link 2**

*Hello, world!*

# Class 2

In the second class, we wrote our first HTML page.

# Class 1

In the first class, we discussed the architecture of the web. Let's just add a lot of text here way more text than we actually need, but this will force a line wrap if we are smart.

We also leared to use the cURL command line tool.
